Lively industry interest in Bangkok: Metal trade fair quartet hits the road together for the second time in Thailand

More than 400 exhibitors from 30 countries presented their technological highlights at the leading regional trade fairs for the wire, cable and raw industries, **wire and Tube Southeast Asia**, which took place for the second time together with GIFA Southeast Asia and METEC Southeast Asia at BITEC in Bangkok from 20 to 22 September 2023.

Joint participations from six countries complemented the line-up with their national pavilions.

wire and Tube Southeast Asia are regarded in Thailand as leading regional information and trade platforms for their industries. Over 80% of the 245 exhibiting companies were international.

wire Southeast Asia showcased machinery and equipment for wire production, wire processing and wire finishing, accessories, measuring, control and testing technology as well as new and further developed special wires and cables. Machines and technologies from the fields of tube manufacturing, tube processing and tube finishing complete the range of products at Tube Southeast Asia.

7,400 trade fair visitors, around 30 % of them international, came to Bangkok to find out about industry trends at all four trade fairs and to expand their business relationships.

The visitors were manufacturers, buyers and suppliers from the wire, cable, tube, foundry and metallurgy industries, as
