

Federal Ministry for Economic Affairs and Energy (BMWi) will again support official German joint company participations at the international satellites of wire and Tube and NEFTEGAZ in 2022.

The very good booking status at the world's leading trade fairs wire and Tube Düsseldorf is encouraging for 2022!

Messe Düsseldorf GmbH and its subsidiaries are optimistic about the new trade fair year, both with regard to the capacity utilisation of their own exhibition centre and the development of the worldwide satellites. Especially in difficult times, it is more important than ever for exhibitors to intensively cultivate personal business contacts.

The Federal Ministry for Economic Affairs and Energy has significantly reduced the participation prices for the coming foreign trade fairs in 2022 and optimised hygiene protection at the German Pavilions. All-round carefree packages with stand space and a system stand are on offer, as well as extensive personal support from colleagues at Messe Düsseldorf for the realisation and implementation of the trade fair presentation.

For the international satellites wire and Tube China (26 to 29 September 2022), wire and Tube South East Asia (5 to 7 October 2022), wire South America / Tubotech (25 to 27 October 2022) and wire and Tube India (23 to 25 November 2022), the VDKM has again applied for official German BMWi joint participation.

wire/Tube China 2020 and wire/Tube Russia 2021 have impressively demonstrated that attendance fairs can be successful even in times of pandemics abroad, provided hygiene and protective measures are observed.

In 2022, the joint company participations in China, Brazil, India, Russia and Thailand will be organised by Messe Düsseldorf GmbH together with its regional subsidiaries and partners. After a successful presence at the trade fair in Moscow in April 2021, planning is now underway for NEFTEGAZ from 18 to 21 April 2022, the most important leading trade fair for the Russian oil and gas industry. As at the previous events, the fair will be accompanied by the National Oil and Gas Forum. The registration forms for the federal participation in NEFTEGAZ 2022 are already available. If you are interested, please contact Ute Wynhoff at: WynhoffU@messe-duesseldorf.de, Tel. ++49 (0)211 4560 7779. Deadline for registration is 13 January 2022.
